

EXECUTIVE SUMMARY:

PMCHAMELEONS provides high-quality program and project management services to organizations looking to transform their organization into digital platforms. Our team of certified Project and Program Managers collaborate with clients to provide a solution tailored to their business needs. In-depth assessments are conducted to determine the feasibility and test fitting to accomplish the scope of work.

PAST PERFORMANCE:

- Network and Datacenter Upgrade (Software Defined Access, Dynamic Network Architecture Center, and Network Access Control)
- Digital Transformations & Construction
- Parking Control System Upgrade and Refresh
- Firewall Migrations, DNS, F5, and Infoblox
- Security Policy Management and Enhancements (ex: Network Access Controls, Firemon, CyberArc, & DarkTrace)

Registered Vendors: DFW Bonfire | NTTA | Irving Texas Ion Way | SAM.gov | TCC Bonfire | City of Denton/Lewisville etc.
